Subject: Concerned about the future of net metering in NH (PUC Docket DE 22-060)

EXTERNAL: Do not open attachments or click on links unless you recognize and trust the sender.

Governor Sununu,

I recently learned that the NH Public Utilities Commission is about to release an Order concerning PUC Docket DE 22-060 on Changes to the Current Net Metering Tariff Structure. I understand a Settlement Agreement has been filed by the three investor-owned electric utilities, Clean Energy NH, Conservation Law Foundation (CLF), the Office of the Consumer Advocate (OCA), and the NH Hydro Association.

I urge the PUC to accept this Settlement Agreement. I was Chair of the Westmoreland Community Power Advisor Committee and in March 2023 the residents of Westmoreland voted to join the Community Power Coalition of New Hampshire in order to lower the cost of electricity for our residents. I dedicated over a year to making this happen because I knew it would benefit the residents of our town, and it has. Now, you and the PUC have an opportunity to make a change that will benefit the citizens of our great state by accepting the Settlement Agreement. I urge you to do what's right, and beneficial, for the people of New Hampshire, not give in to three investor-owned electric utilities.

Show us that you care more for the residents of New Hampshire, than the money donated by these three electric utilities.

I am copying the PUC Clerk on this email so that my concern and support for the Settlement Agreement will be entered into the docket.

Sincerely,

Mark Terry
