Subject: Support for CPCNH Proposal in Net Metering Docket (PUC Docket DE 22-060)

EXTERNAL: Do not open attachments or click on links unless you recognize and trust the sender.

Governor Sununu,

(cc: NH-PUC, NH-DOE)

I recently learned that the NH Public Utilities Commission will soon issue an Order concerning PUC Docket DE 22-060 on Changes to the Current Net Metering Tariff Structure. I understand a Settlement Agreement has been filed by several parties in addition to other proposals offered by the Community Power Coalition and the NH Department of Energy.

I urge the PUC to accept this Settlement Agreement with the proposed modifications by the Community Power Coalition of New Hampshire. [Insert a sentence or two about why you care, e.g., to enable net metering customers to participate in their Community Power programs... to make New Hampshire a leader in innovative local energy markets]

I am copying the PUC Clerk on this email so that my concern and support for the Settlement Agreement will be entered into the docket as a public comment. This is an opportunity for net-metering customers to be able to participate in their community power programs, empowering them to have more energy choices rather than being confined to barriers. Accepting this agreement would provide more benefits to this customer group and encourage growth and innovation within New Hampshire.

Sincerely,

Madelyn Bradley

Concerned resident of Dover, New Hampshire
