---

Governor Sununu:

I recently learned that the NH Public Utilities Commission is about to release an Order concerning PUC Docket DE 22-060 on changes to the current net metering tariff structure. I understand a settlement agreement has been filed by the three investor owned electric utilities, Clean Energy NH, Conservation Law Foundation, the Office of the Consumer Advocate, and the NH Hydro Association.

I urge the PUC to accept this Settlement Agreement. I was a member of the Westmoreland Community Power Advisor Committee. After a year of work in March 2023 the residents of Westmoreland voted to join the Community Power Coalition of New Hampshire in order to lower the cost of electricity for our residents. Now you and the PUC have a chance to make change that will benefit the citizens of our State by accepting the Settlement Agreement. I would urge you to do what is right for the people of New Hampshire and not give in to three investor owned electric utilities.

I am copying the PUC Clerk on this email so that my concern for this matter and my support for the Settlement Agreement will be entered into the docket. Thank you for your attention to this matter.

Sincerely,

Terry M Cox
