Dear Governor Sununu  
(cc: NH-PUC, NH-DOE)

**Recently, I learned that the NH Public Utilities Commission will be issuing an Order concerning PUC Docket DE 22-060 on Changes to the Current Net Metering Tariff Structure. And I also have learned that a Settlement Agreement has been filed by several parties as well as other proposals offered by the Community Power Coalition and the NH Department of Energy.**

**I am writing you to request that you urge the PUC to accept this Settlement Agreement, including its proposed modifications by the Community Power Coalition of New Hampshire. It will be instrumental in enabling net metering customers to participate in their Community Power programs and it will further help to establish New Hampshire as a leader in innovative local energy markets.**

**Although I previously sent a comment regarding this docket to the PUC clerk, it was prior to the Settlement Agreement. So I am copying the PUC Clerk on this email in order to express my support for the Settlement Agreement and its proposed CPCNH modifications and to have that added as a public comment on the docket.**

**Sincerely,**

**Beverly Edwards**

**Temple, New Hampshire**
