Subject: Concerned about the future of net metering in NH (PUC Docket DE 22-060)

EXTERNAL: Do not open attachments or click on links unless you recognize and trust the sender.

Dear Governor Sununu

I recently learned that the NH Public Utilities Commission is about to release an Order concerning PUC Docket DE 22-060 on Changes to the Current Net Metering Tariff Structure. I understand a Settlement Agreement has been filed by the three investor-owned electric utilities, Clean Energy NH, Conservation Law Foundation (CLF), the Office of the Consumer Advocate (OCA), and the NH Hydro Association.

I urge the PUC to accept this Settlement Agreement. As a homeowner with solar panels on my roof, net metering makes it possible for me to use all the power I produce and send excess back to the grid. If net metering goes away, it will be a blow to further development of solar energy. WE NEED TO MAKE THE TRANSITION OF MORE RENEWABLE ENERGY AND QUIT BURNING SO MUCH FOSSIL FUEL. Taking away net metering will slow this very important transition.

I am copying the PUC Clerk on this email so that my concern and support for the Settlement Agreement will be entered into the docket.

Sincerely,

Robert C. Dewey, MD
