Governor Sununu,

(cc: NH-PUC, NH-DOE)

I recently learned that the NH Public Utilities Commission will soon issue an Order concerning PUC Docket DE 22-060 on Changes to the Current Net Metering Tariff Structure. I understand a Settlement Agreement has been filed by several parties in addition to other proposals offered by the Community Power Coalition and the NH Department of Energy.

**I urge the PUC to accept this Settlement Agreement with the proposed modifications by the Community Power Coalition of New Hampshire.** I support the participation of net-metered customers in their Community Power programs and request that the improvements to load settlement be implemented to enable this participation. Furthermore, battery storage should be enabled through this proceeding to maximize the value of local energy resources in New Hampshire and to make New Hampshire a leader in innovative local energy markets.

I am copying the PUC Clerk on this email so that my concern and support for the Settlement Agreement will be entered into the docket as a public comment.

Sincerely,

Mark Ellison

Atkinson, NH
