Governor Sununu,
(cc: NH-PUC, NH-DOE)

I recently learned that the NH Public Utilities Commission is about to release an Order concerning PUC Docket DE 22-060 on Changes to the Current Net Metering Tariff Structure. I understand a Settlement Agreement has been filed by the three investor-owned electric utilities, Clean Energy NH, Conservation Law Foundation (CLF), the Office of the Consumer Advocate (OCA), and the NH Hydro Association.

I urge the PUC to accept this Settlement Agreement.

My reasons include:

I am a keen advocate for Peterborough utilizing green energy sources where possible. I feel It's important for our children's future that we look at green opportunities beyond our homes. Without net metering these ideas won't be feasible.

I've had several contractors visit my house and was planning to invest in solar energy to stabilize and offset my electricity costs. I can't do that without net metering.

I am copying the PUC Clerk on this email so that my concern and support for the Settlement Agreement will be entered into the docket.

Sincerely,

Peter Hughes
Peterborough
