Governor Sununu,

I recently learned that the NH Public Utilities Commission will soon issue an Order concerning PUC Docket DE 22-060 on Changes to the Current Net Metering Tariff Structure. I understand a Settlement Agreement has been filed by several parties in addition to other proposals offered by the Community Power Coalition and the NH Department of Energy.

I urge the PUC to accept this Settlement Agreement with the proposed modifications by the Community Power Coalition of New Hampshire. I am a strong supporter of Community Power and have seen how it has provided savings for NH residents and Towns. Currently solar producers cannot participate in Community Power because of limitations in receiving credits and in the settlement in load for the Competitive Energy Source CPCNH.

I am copying the PUC Clerk on this email so that my concern and support for the Settlement Agreement will be entered into the docket as a public comment.

Sincerely,

Paul Looney
