Subject: Concerned about the future of net metering in NH (PUC Docket DE 22-060)

EXTERNAL: Do not open attachments or click on links unless you recognize and trust the sender.

Governor Sununu,

I recently learned that the NH Public Utilities Commission is about to release an Order concerning PUC Docket DE 22-060 on Changes to the Current Net Metering Tariff Structure. I understand a Settlement Agreement has been filed by the three investor-owned electric utilities, Clean Energy NH, Conservation Law Foundation (CLF), the Office of the Consumer Advocate (OCA), and the NH Hydro Association.

I urge the PUC to accept this Settlement Agreement. The Town of Rumney where my husband and I reside is taking steps to obtain funding to install solar pv on Town buildings and property. The main reason for this is to save taxpayers money through the costs saved by net metering. Signing this settlement agreement will provide some assurance to Rumney taxpayers that will get a reasonable and adequate return on this investment of town resources.

I am copying the PUC Clerk on this email so that my concern and support for the Settlement Agreement will be entered into the docket.

Sincerely,

Judith Saum
Town of Rumney
