Governor Sununu,

I just learned that the NH Public Utilities Commission is about to release an Order concerning PUC Docket DE 22-060 on Changes to the Current Net Metering Tariff Structure. I understand a Settlement Agreement has been filed by the three investor-owned electric utilities, Clean Energy NH, Conservation Law Foundation (CLF), the Office of the Consumer Advocate (OCA), and the NH Hydro Association.

I urge the PUC to accept this Settlement Agreement. *I'm a renter who was lucky enough to be included on a solar grid in my area, as I didn't have the means to invest in solar energy. This has enabled a \$ savings to my family monthly, and has reduced the reliance on more expensive sources of energy. I want to see New Hampshire transition to clean energy, and solar is going to be a huge part of that. It would be a big loss for everyone to see the solar industry grind to a halt, resulting in loss of time, staff, as well as money -- and have to start up again. That's just bad for everyone.*

I am copying the PUC Clerk on this email so that my concern and support for the Settlement Agreement will be entered into the docket.

Sincerely,

Barbara Spike
Plymouth, NH
