Subject: Our concern about net metering in NH (PUC Docket DE 22-060)

EXTERNAL: Do not open attachments or click on links unless you recognize and trust the sender.

Dear Governor Sununu, (cc: NH-PUC, NH-DOE)

We recently learned that the NH Public Utilities Commission is about to release an Order concerning PUC Docket DE 22-060 on Changes to the Current Net Metering Tariff Structure. I understand a Settlement Agreement has been filed by the three investor-owned electric utilities, Clean Energy NH, Conservation Law Foundation (CLF), the Office of the Consumer Advocate (OCA), and the NH Hydro Association.

We urge you to fully support net metering in New Hampshire, and we ask the PUC to accept this already-filed Settlement Agreement. Net metering helps the development of clean, affordable electricity in New Hampshire. That, in turn, helps New Hampshire maintain its status as a great place to visit and live for those who value the clean, fresh air that accompanies solar power. Strong net metering is important to our future!

We are copying the PUC Clerk on this email so that our concern and support for the Settlement Agreement will be entered into the docket.

Sincerely yours,

Roger and Susan Shamel
Hillsborough, NH 03244
