Governor Sununu,  
(cc: NH-PUC, NH-DOE)

I recently learned that the NH Public Utilities Commission is about to release an Order concerning PUC Docket DE 22-060 on Changes to the Current Net Metering Tariff Structure. I understand a Settlement Agreement has been filed by the three investor-owned electric utilities, Clean Energy NH, Conservation Law Foundation (CLF), the Office of the Consumer Advocate (OCA), and the NH Hydro Association.

**I urge the PUC to accept this Settlement Agreement.**

Net metering is crucial for ensuring that homeowners like myself can receive fair compensation for the excess solar energy we generate, which incentivizes further investment in renewable energy. My husband and I invested in our solar panels to reduce our utility bills, but even more importantly, to foster a cleaner environment for the future of our children and grandchildren.

I am copying the PUC Clerk on this email so that my concern and support for the Settlement Agreement will be entered into the docket.

Sincerely,  
**Sue Vatnick**
