---

Hello Governor Sununu, NH-PUC and NH-DOE,

I was recently informed that the NH Public Utilities Commission will soon issue an Order concerning PUC Docket DE 22-060 on Changes to the Current Net Metering Tariff Structure. I understand a Settlement Agreement has been filed by several parties in addition to other proposals offered by the Community Power Coalition and the NH Department of Energy.

**I urge the PUC to accept this Settlement Agreement with the proposed modifications by the Community Power Coalition of New Hampshire.**

Encouraging solar installations and solar use is an important contribution to energy flexibility. It enables net metering customers to participate in their Community Power programs (which we hope to do) and it makes New Hampshire a leader in innovative local energy markets, which is important for our state's future.

I am copying the PUC Clerk on this email so that my concern and support for the Settlement Agreement will be entered into the docket as a public comment.

Sincerely,  
Jay Buckey  
Hanover, NH
