Dear Governor Sununu,

I recently learned that the NH Public Utilities Commission is about to release an Order concerning PUC Docket DE 22-060 on Changes to the Current Net Metering Tariff Structure. I understand a Settlement Agreement has been filed by the three investor-owned electric utilities, Clean Energy NH, Conservation Law Foundation (CLF), the Office of the Consumer Advocate (OCA), and the NH Hydro Association.

I urge the PUC to accept this Settlement Agreement. *I want to see New Hampshire transition to clean energy and solar is going to be a huge part of that. I don't want to see the solar industry grind to a halt, lose time and staff, and have to start up again.*

I am copying the PUC Clerk on this email so that my concern and support for the Settlement Agreement will be entered into the docket.

Thank you for your efforts on behalf of clean energy for New Hampshire.

Sincerely,

Sarah Doenmez

"Learning is a place where paradise can be created. The classroom, with all its limitations, remains a location of possibility. In that field of possibility we have the opportunity to labor for freedom, to demand of ourselves and our comrades, an openness of mind and heart that allows us to face reality even as we collectively imagine ways to move beyond boundaries, to transgress. This is education as the practice of freedom."
