Governor Sununu,
(cc: NH-PUC, NH-DOE)

I recently became aware that the NH Public Utilities Commission is about to release an Order concerning PUC Docket DE 22-060 on Changes to the Current Net Metering Tariff Structure. I also understand that a Settlement Agreement has been filed by the three investor-owned electric utilities, Clean Energy NH, Conservation Law Foundation (CLF), the Office of the Consumer Advocate (OCA), and the NH Hydro Association.

I am writing to express my strong support for the PUC to accept this Settlement Agreement that supports our net metering for solar in New Hampshire. We need to take actions that support a strong response to climate change and this is one of the actions that benefits all parties and promotes reduction in greenhouse gasses. I have been a resident of Alstead, NH for over 40 years.

This letter is cc to the PUC Clerk so that my concern and support for the Settlement Agreement will be entered into the docket.

Sincerely,

James Gruber, PE, PhD
