Subject: Net metering in NH - PUC Docket DE-060

EXTERNAL: Do not open attachments or click on links unless you recognize and trust the sender.

Governor Sununu:

It has come to my attention that the NH Public Utilities Commission is about to release an Order concerning PUC Docket DE 22-060 on Changes to the Current Net Metering Tariff Structure. I understand a Settlement Agreement has been filed by the three investor-owned electric utilities, Clean Energy NH, Conservation Law Foundation (CLF), the Office of the Consumer Advocate (OCA), and the NH Hydro Association.

I urge the PUC to accept this Settlement Agreement.

I am persuaded by people that I respect and trust that net metering has made it possible for them to afford and to make important energy modifications to their homes. I am aware of businesses that have made similar solar improvements and are relying on the net metering system we have here in NH. It would be a mistake to change this in a way that diminished the opportunities now available. I would like to make some changes when I can afford to do so. The climate crisis is real!

I am copying the PUC Clerk on this email so that my concern and support for the Settlement Agreement will be entered into the docket.

Sincerely,
Wayne Moynihan
Dummer NH
