Governor Sununu,

(cc: NH-PUC, NH-DOE)

I recently learned that the NH Public Utilities Commission is about to release an Order concerning PUC Docket DE 22-060 on Changes to the Current Net Metering Tariff Structure. I understand a Settlement Agreement has been filed by the three investor-owned electric utilities, Clean Energy NH, Conservation Law Foundation (CLF), the Office of the Consumer Advocate (OCA), and the NH Hydro Association.

**I urge the PUC to accept this Settlement Agreement.** *I just recently invested in solar energy at my home, in part to stabilize and offset my electricity costs, but also to be a responsible citizen trying to be ecologically mindful. Net metering will not only undermine my desire to act as a good citizen and neighbor, but will also result in my investing in solar energy at a significant cost for no appreciable financial return.*

I am copying the PUC Clerk on this email so that my concern and support for the Settlement Agreement will be entered into the docket.

Sincerely,

Mark Horan

Madison, NH
