Subject: Support for CPCNH Proposal in Net Metering Docket (PUC Docket DE 22-060)

I recently learned that the NH Public Utilities Commission will soon issue an Order concerning PUC Docket DE 22-060 on Changes to the Current Net Metering Tariff Structure.

I understand a

Settlement Agreement has been filed by several parties in addition to other proposals offered by the Community Power Coalition and the NH Department of Energy.

I urge the PUC to accept this Settlement Agreement with the proposed modifications by the Community Power Coalition of New Hampshire. As a Net Metering customer I would like to participate in Community Power so I can embrace renewable energy when my rooftop panels are not generating at 100%. This would show that New Hampshire is a leader in these new innovative energy markets.

I am copying the PUC Clerk on this email so that my concern and support for the Settlement

Agreement will be entered into the docket as a public comment.

Sincerely,

Aaron Fracht-Monroe / Concord
