***Re: Metropolitan Telecommunications, Inc., of New Hampshire, d/b/a "MetTel"
Withdrawal of Switched Access Tariff – NHPUC No. 1***

Dear Chairman Goldner,

Effective July 1, 2023, MetTel ceased billing for Switched Access services. Rate reductions, mandated by the FCC over the last number of years, have reduced switched access rates to a level where it is no longer economical to continue billing for these services. Calls originating from and terminating to MetTel end users will continue to be completed normally by the underlying ILEC from whom MetTel purchases end user lines. Consequently, MetTel respectfully requests withdrawal of Switched Access Tariff – NHPUC No. 1 in its entirety.

The above request (attached) was inadvertently submitted to a previously used, but now outdated, NH PUC email account. Additionally, my letter should have been properly addressed to your attention. I apologize for these oversights and respectfully resubmit at this time.

If you have any questions, please do not hesitate to contact me.

Respectfully submitted,

/s/ John Rossi
