Re: Northern Utilities, Inc., New Hampshire Division - Docket DG 23-085,
May 2024 Monthly Cost of Gas Report for 2024 Summer Season

Chair Goldner,

Pursuant to Commission Order No. 26,713 in Docket DG 23-085, enclosed is Northern Utilities Inc.'s ("Northern") current calculation of its projected over or under-collection of gas costs for the 2024 summer season.

Northern's current calculation of costs has been updated to reflect the Company's April 30, 2024 target balance and NYMEX futures prices as of May 17, 2024. The updated calculations indicate that a rate change is not required at this time. Support for this decision is provided in the attached summary and tables.

Do not hesitate to Chris Kahl at (603)773-6425 if you have any questions regarding the April 2024 summer cost of gas analysis.

Sincerely

A handwritten signature in black ink, appearing to read "Patrick H. Taylor", with a long horizontal flourish extending to the right.
