**Re: DG 24-042; Liberty Utilities (EnergyNorth Natural Gas) Corp. d/b/a Liberty-Keene Division  
Summer 2024 Cost of Gas – September 2024 Monthly Cost of Gas Adjustment**

Dear Chairman Goldner:

On behalf of Liberty Utilities (EnergyNorth Natural Gas) Corp. d/b/a Liberty-Keene Division (the "Company") and in accordance with New Hampshire Public Utilities Commission (the "Commission") Order No. 26,999 (April 30, 2024) in Docket No. DG 24-042, I am writing to share that the Company will not be adjusting the summer cost of gas rate effective September 1, 2024.

Factoring in NYMEX settled forward prices as of August 20, 2024, the Company's current projected collection of gas costs for the 2024 Summer season ending October 31, 2024 resulted in a projected over collection of less than 1% of the total gas costs. In light of the de minimis nature of the projected over collection and in the interest of providing stable rates to customers, the Company will exercise its discretion to not adjust the cost of gas rates effective September 1, 2024 and continue to bill the current cost of gas rate of \$1.3627 per therm, which went into effect on August 1, 2024.

Thank you for your attention to this matter. Please do not hesitate to call if you have any questions.

Sincerely,

/s/Alyssa E. Maston
