Re: Docket No. DE 24-070  
Public Service Company of New Hampshire d/b/a Eversource Energy  
Request for Change in Distribution Rates

Dear Chairman Goldner:

This letter respond to your request at the prehearing conference on July 22, 2024 in the above-captioned docket for statements of position from the subject utility, the Department of Energy, and the Office of the Consumer Advocate ("OCA") on the seven pending intervention requests (from Clean Energy New Hampshire, Standard Power of America, Walmart, the New England Connectivity and Telecommunications Association, the Community Power Coalition of America, residential customer Mary Ellen O'Brien Kramer, and a group of jointly appearing large commercial customers including the University System of New Hampshire). As noted at the prehearing conference, the OCA does not object to the granting of any of these intervention petitions. We do not think it is necessary at this time to limit the participation of any intervenors and therefore we object to the motion of the subject utility (tab 26) to limit the intervention of the Community Power Coalition of New Hampshire. Should the Coalition or any other party seek to expand the scope of the proceeding beyond those issues identified in Order No. 27,027 (June 28, 2024) through which the Commission commenced this proceeding, we are confident that the problem can be dealt with as it arises. Thank you for the opportunity to restate our position on the pending intervention requests.

Sincerely,

A handwritten signature in blue ink, appearing to read "DKreis".
