Re: DE 24-077 Unitil Energy Systems, Inc. Petition for Approval of RDA Factor & Proposed Tariff Changes and DE 24-080 Unitil Energy Systems, Inc. Petition for Approval of SCR & EDC Reconciliation & Proposed Tariff Changes; Department of Energy Letter Regarding Technical Statement and Exhibit 6

Dear Chairman Goldner:

At a Hearing held July 30, 2024, in the above-captioned matters, the Department of Energy ("Department") represented that it had inadvertently left out a page from the Attachments to its Technical Statement filed on July 23, 2024. The Technical Statement was also filed as Exhibit 6 for the July 30, 2024, Hearing. The page was DOE TS-1 Attachment 1, which was referenced on Bates page 11 in the Attachments to the Department's Technical Statement and Exhibit 6. The Department presented paper copies of the page at the Hearing and requested the Commission's permission to file a revised technical statement and Exhibit 6 containing the page.

When the Department went to prepare the revised technical statement, it realized that the page actually was included in the technical statement and Exhibit 6, as Bates page 10. The Department therefore provides this letter in lieu of filing a revised technical statement and exhibit. The Department apologizes to the Commission and to the other parties for this error.

Consistent with the Commission's current practices, this letter is being filed only in electronic form.

Sincerely,

/s/ Alexandra K. Ladwig
