**Re: DG 24-100; Liberty Utilities (EnergyNorth Natural Gas) Corp. d/b/a Liberty-Keene Division
Winter 2024-2025 Cost of Gas – December 2024 Monthly Cost of Gas Adjustment**

Dear Chairman Goldner:

On behalf of Liberty Utilities (EnergyNorth Natural Gas) Corp. d/b/a Liberty-Keene Division (the "Company") and in accordance with Section 17.M of the Company's tariff, I enclose for filing the Company's December calculation of its projected collection of gas costs for the 2024-2025 Winter season ending April 30, 2025. The Company has marked certain third-party pricing information as confidential pursuant to Puc 201.06(a)(11).

In the interest of providing stable rates to customers, the Company will exercise its discretion to not adjust the cost of gas rates effective December 1, 2024 and will continue to bill the current cost of gas rate of \$1.5420 per therm, which went into effect on November 1, 2024. The Company has updated the calculation of its projected collection of gas costs for the 2024-2025 Winter season to reflect the estimated November 2024 through April 2025 NYMEX settled forward prices as of November 19, 2024. The resulting projected over collection does not yet include any actual gas costs or customer sales and, for that reason, the Company will continue charging the currently approved rate until more actual cost and sales data is available next month.

Thank you for your attention to this matter. Please do not hesitate to call if you have any questions.

Sincerely,

/s/Alyssa E. Maston
