**Attachments 1 and 2 – Capital and Seacoast Reliability Reports**

Dear Chairman Goldner:

On November 15, 2024, Unitil Energy Systems, Inc. (“UES” or “Company”) filed its Reliability Enhancement Program (“REP”) and Vegetation Management Program (“VMP”) Annual Report (“Report”) for filing with the Commission. The matter has been docketed as DE 24-111. At the time of the initial filing, the Company indicated that it was unable to contemporaneously provide the reliability reports referenced as Attachments 1 and 2 due to availability of personnel.

The Company now provides Attachments 1 and 2 for filing in connection with this docket. Please do not hesitate to contact me if you have any questions concerning this filing.

Sincerely,
