d/b/a EVERSOURCE ENERGY**

Request for Change in Distribution Rates

Procedural Order Re: Record Requests

The Commission requests that Public Service Company of New Hampshire d/b/a Eversource Energy (Company) respond to the following record requests on or before the close of business on December 2, 2024 (these record requests are numbered sequentially from those propounded in the Commission's procedural order dated November 15, 2024, which terminated at #49):

Record Request 50

Please refer to PUC TS-002 correcting PUC 1-3, the proposed modifications and corrections represent a large change, please provide the accompanying corrected illustrative PBRA attachments (ES-DPH-1 and ES-DPH-2) to provide the details of the changes in clean and track change versions.

Record Request 51

The response in PUC TS1-002 states that the chart is a “replacement table to that which appears in the response to PUC1-3.” Regarding the TS1-002 chart, the modified proposal’s rate increases are higher over the years than the initial proposal, specifically, August 2025 where there is a rate increase that is \$20 million higher, but in the subsequent years all rate increases are equal. Please explain why the modified proposal results have overall higher rates by \$20 million.

Record Request 52

Regarding the PUC TS1-002 Chart, in 2029 and 2030, the orange and green increases represent a future rate case, please elaborate if the chart assumes the PBR is extended in those years. Please provide the alternative graphical representation of a continuation of the PBR framework as was provided in PUC 1-003.

So ordered, this twenty-first day of November, 2024.
