Re: DE 10-212, Commercial and Industrial Solar Rebate Program
Cancelling Public Lottery and Confirming Application Processing Order

To Interested Stakeholders:

On April 29, 2020, Commission Staff filed a recommendation that the public lottery for the commercial and industrial solar incentive program (Program), currently scheduled for May 1, 2020, should be cancelled. Consistent with Order No. 26,336, Staff reported that the aggregate amount of new project incentives applied for is less than the available Program funds, and therefore the lottery is not necessary to allocate funding and establish application queue positions.

Staff further recommended that Program applications be processed in a first-come, first-served sequence, based on the date that the electronic application was received or the date of the date stamp if only a paper copy of the application was received.

The Commission has reviewed and approved Staff's recommendations. Accordingly, the public lottery scheduled for May 1, 2020 has been cancelled and Program applications will be processed on a first-come, first-served basis.

Sincerely,

A handwritten signature in cursive script that reads "Debra A. Howland".
